Dear Dan:

Driving around the Hollywood Media District today and I noticed a very overgrown Palm Tree on the southside of Warning which is in need of trimming (not the top of the tree) - but the dried palm frond skirt which is all the way to the street level. As you know this area has been a favorite for illegal dumping and transit parking. Even last month there was a bomb threat call to 911 - which they evacuated the Travel Lodge as well as some residential areas.

Can you see if we can get that tree trimmed up at least up to the second story of the Travel Lodge.

Thanks
